THE MULTICULTURAL COUNCIL OF GREATER FORT WAYNE APPOINTS NEW LANGUAGE SERVICES NETWORK COORDINATOR

Fort Wayne, IN – The Multicultural Council (MCC) of Greater Fort Wayne announced today that Raquel A. Kline has joined the organization as the Language Services Network Coordinator. This position was created to enhance the network of language service providers, to promote the development of standards, and to recognize interpreters and translators as professionals. Ms. Kline comes to the MCC with a wealth of experience in the field, having spent the last twelve years as a medical interpreter and translator.

The Multicultural Council of Greater Fort Wayne formed the Language Services Network to organize the nonprofit language service providers in the community devoted to the enhancement of interpretation and translation services. United Way of Allen County and CANI have both been instrumental in the MCC and the hiring of the Language Services Network Coordinator.

Ms. Kline is excited to take on this new challenge: “I look forward to working with the MCC team to continue this coordination of services and support the best interest of all language groups.”
