# Make Your Home Healthier with Lead Service Line Replacement

## Did you know even small amounts of lead can harm your health?

If your house was built before 1981, the "private service line" from the street to your water meter might be lead.

But don't worry!  
If you live in Fort Wayne, Brightpoint can assess your water line for FREE!

**If your private service line has lead pipes, you may qualify for reduced-cost or FREE replacement of your service line through Fort Wayne City Utilities.**

Visit [mybrightpoint.org/leadpipe](http://mybrightpoint.org/leadpipe) for more information or return this completed form to the drop box or Brightpoint's office at 227 E. Washington Blvd. Fort Wayne

What is your annual household income?  Less than \$45,000  \$45,000 to \$60,000  \$60,000 to \$75,000  \$75,000 +
